

**AMENDMENTS TO THE CLAIMS:**

This listing of claims will replace all prior versions and listings of claims in the application:

**Listing of Claims:**

Claims 1-11 (Canceled)

Claim 12 (Previously Presented) A gas bag module comprising a gas bag (30) and a protective sheathing (32) surrounding said gas bag (30), characterized in that said gas bag module (28) comprises at least one detent connection piece (10) including a clip hook (18) which can be pressed into a first bore (24) while being deformed until said detent connection piece snaps in and engages behind a bearing edge framing said first bore (24), said detent connection piece (10) additionally including an end section which is adapted to be inserted into a second bore (26).

Claim 13 (Previously Presented) The gas bag module according to claim 12, characterized in that said detent connection piece (10) is configured in one piece with a housing part of said gas bag module (28).

Claim 14 (Previously Presented) The gas bag module according to claim 12, characterized in that a tongue (34) of said gas bag (30) is pulled over said clip hook (18) of said detent connection piece (10).

Claim 15 (Previously Presented) The gas bag module according to claim 12, characterized in that said detent connection piece (10) is arranged between said gas bag (30) and said protective sheathing (32), with said clip hook (18) and said end section projecting out of said protective sheathing (32).

Claims 16-17 (Canceled)

Claim 18 (Previously Presented) A detent connection system for fastening a gas bag module (28) to a body section (22) of a vehicle, said gas bag module (28) comprising a detent connection piece (10) having a clip hook (18) which is pressed into a first bore (24) of said body section (22) while being deformed until said detent connection piece (10) snaps in and engages behind a bearing edge framing said first bore (24), said detent connection piece (10) additionally including an end section which is inserted into a second bore (26) of said body section (22).
